Aggelos Kostas

Web Developer

SEP 2023 - Present

Deloitte I DACC S.A., Thessaloniki, Greece

Web developer (Remote)

As a junior web developer at Deloitte, I managed websites using Adobe Experience Manager CMS, crafted dynamic user interfaces with React and Vue, handled tasks efficiently with Jira and contributing to automation through Jenkins particularly in clearing site cache.

OCT 2022 - JUN 2022

Univeye I.K.E I Science & Technology Park of Epirus S.A. Ioannina

Web developer

I lead the creation of projects for Ioannina's Municipality, developed internal tools using Yii2, and transformed concepts into desktop apps with React and Tauri. Additionally, I supported European projects, including IDEAN E-learning on Moodle.

APR 2022 - SEPT 2022

Univeye I.K.E I Science & Technology Park of Epirus S.A. Ioannina

Web developer (Internship)

I recorded and analyzed measurements via RESTful APIs, excelled in front-end development, modernized existing projects, transformed web apps into desktop applications using ElectronJS, and delved into backend development with the YII2 MVC framework.
